To

The Secretary to Government
Revenue and Revenue Department
Bangalore

Sir

With reference to the Proceedings of Government and order thereon No 14410 8 6776 dated 28th July 1896, observing that the formation of dispensaries at Certain places in the Province may be taken up in the or of importance and urgency, I have the ho to request permission to entertain Medic pupils as shewn in the Statement marke A for the next few years to undergo a Co of training to qualify themselves for the Pr of hospital assistants so as to enable me t due full effect to the order quoted

2 - There are at present 11 Medical pupils as particularized in the Statement B expected to pass out from the Medical College in the years specified opposite their names, but this number is totally inadequate to meet the requirements of the service with due regard to the Medical relief throughout

the State

3 – The present strength of the hospital Apprentice Class is as follows –

Senior Hospital Apprentices	3
1st Class – do – do	50
2nd – do – do – do	43
3rd – do – do – do	54

distributed over the several Medical Institutions in the Province as detailed on the Statement C herewith attached, from which it will be seen that no provision exists to detail hospl Apprentices to the two of the Deputy Commissioners at Dumka and Chotal Droog and no reserve from which to supply hospital Apprentices for Cholera or other special duties in different parts of the Country, or to meet Casualties among hospital Apprentices Caused either by death resignation or dismissals &c

4 – Under Proceedings of Government No 5832-43 Cir 149 dated 24th December 1887, there were a certain number of pupils fixed for entertainment for a certain number of years, but the sanction thereon Consequent Ceased to exist after the Year 1895-96

Secret No 1

5 For the reasons above stated it will be observed that a real necessity exists for taking on an increased number of pupils, and I therefore request that Government will be pleased to sanction the entertainment

of 10 students for the next three years c
Commencing with the present scholastic
year which begins on 1st October 1896 b
the time is so short I have the honor to stat
that I shall in anticipation of sanction
take on 10 pupils, as it is necessary that th
should undergo a preliminary training
in one of the State hospitals before being
admitted into the Medical College.

Sir

In reference to the Proceedings of Government and order thereon No 6106-15 of 26th instant, 99 96
I have the honor to explain that in the year 1895-96 five pupils were admitted and even the year previous to it a little number were taken on making a total of 10 for the past two years but in the year 1893-94 only two were selected as we could not get the required Number possessing the necessary Educational qualifications

2 Out of the 12 pupils above stated one was dismissed from the Medical College as he failed to pass the 1st year examination deducting this there remain only 11 as stated in this office letter No 928 of 26th September 1896
